The new section of the Adams County Public Library building will be dedicated Sunday afternoon at 4:30 o'clock at ceremonies at which Lt, Gov. Raymond P. Shafer of Pennsylvania will be the principal speaker. At the extreme right of the picture is the entrance to the new children's wing of the library. Extra stock room space has been added at the rear and extensive changes have been made in the main building which a little more than a decade ago was the county jail. (Times Photo)

42 GUESTS AT HOME WENT ON

Adams County Home went on the annual apple blossom tour last Friday, according to reports pre-sented to the members of the County Home Auxiliary at their May meeting at the home on Tuesday afternoon.

The new occupational therapist, Mrs. Kathleen Green, Gettysburg R. 2. was introduced and was authoroized to spend up to \$10 a menth of auxiliary funds for this work.

Mrs. Ira Henderson gave her monthly report on the social and religious events held at the home in the last month. The president, the Rev. Robert MacAskill, presided at the meeting.

Mrs. Henderson's report showed the April birthday party was given by the Women's Association of the Great Conewago Presbyterian Church. There were refreshments

South Africa Is Girding For War! When?

By RICHARD F. NEWCOMB AP Newsfeatures Writer

South Africa, Angola and Mozambique are run by whites. and the whites intend to keep it that way.

South Africa, a republic, is trying one method and Portugal, which controls Angola and Mozambique, is trying another, but the aim is the same.

Against them are arrayed 30 other nations of Africa, a good share of world opinion and a powerful troublemaker - the Soviet Union.

To South Africa this means war, and that is what the nation is girding for. The main question is how soon will it come?

POLICY IS CLEAR

South African policy is clearly and forcefully stated. It is to keep the 12 million nonwhites separated - physically and geographically - from the 3.2 million whites. This is being done by first sealing the borders - both with neighboring countries and with two black nations lying entirely within South Africa — the British-rull d territories of Basutoland and Swaziland.

Within South Africa, blacks are kept to their own areas, such as the new state of Transkei and the model black city of Soweto, a suburb of Johannesburg. Many more of these enclaves are planned to ensure total separation.

HAVE DEATH PENALTY

Some say the war has already begun and South Africa is acting like it agrees. Internal security is harsh. Under recent laws persons suspected of subversion may be held 90 days or more without rights and tried under laws leading to the death penalty.

Defense expenditures are rising steadily and this year will rocketing. Every white house-

son gas and germ warfare. DIFFERENT TACK

The Portuguese are trying a different tack. There is no racial segregation in Angola or Mozambique. There the policy is to woo the friendship and support of the natives in keeping out "infiltrators" from nearby African nations, The Portuguese reportedly have 40,000 troops in the field, white and blacks serving side by side. Their wounded are treated in the same hospitals and throughout the territories the races work side by side, often in the same occupations. There is cause for mobiliza-

tion. A year ago, at the first African summit conference, the leaders of 207 million Africans declared war on South Africa and the Portuguese territories. Most of the new nations are poor and weak, but they have a strong friend. Ahmed Ben Bella, president of Algeria, has just returned from Moscow, where he was made a hero of the Soviet Union. It was Ben Bella who, a year ago, aroused the African conference to a fever with his call for "a bond of blood with those who are fighting in South Africa, Angola and Mozambique.'

HUGE RED CREDITS

When he left Moscow Ben Bella had another \$127 million in Soviet credits, promises of "small arms," and the bless-ings of President Leonid Brezhnev. Brezhnev said Algeria's "revolutionary banner is fluttering proudly over the vastness of Africa as a call to all those who have not yet acquired freedom and must fight for it." Ben Bella replied that Algeria has been turned into a training

camp for those fighting in South Africa, Angola and Mozanbique and is supplying them with weapons.

A "Freedom Radio" is now heard in South Africa. It is thought to be in Ghana, and it broadcasts in English and the tribal languages. Late in 1962 nationalists and Communists from many African nations reportedly met secretly in Bech-uanaland. They vowed "the immediate liberation of South Africa and the overthrow of the all - white Verwoerd govern-

HEARINGS IN Emmitsburg CHESTER ARE

CHESTER, Pa. (AP) - The state Human Relations Commission hearings into alleged de facto segregation in Chester's public schools resumed today.

The hearings, which were ordered by Gov. William W. Scranton, following weeks of demonstrations, mass arrests and violence, were recessed after three days on May 6 to allow commission members to study testimony.

Chester Mayor James H. Gorbey said Wednesday "the commission should be more objective in the finding of facts dealing with subject of segregation rather than serving as prosecuting attorney, judge and jury."

SCRANTON TO

WASHINGTON (AP) - Pennsylvania Gov. William W. Scranton is scheduled to go to Washington May 21 to attend a White House foreign policy briefing and testify before the House Labor Committee on President Johnson's proposals to aid the economically depressed Appalachian area.

Rep. Robert J. Corbett, R-Pa. in making the disclosure Wednesday, said Scranton also will attend a breakfast meeting of the 29-member Pennsylvania congressional delegation prior to his appearance before the House committee.

Scranton, who will be accompanied by members of his staff, s the only witness scheduled to be heard by the committee May 21. The 10-state Appalachian area includes Pennsylvania.

SENATE FACES BRAZIL BREAKS TIES WITH CUBA

The next step will be an effort by the leaders to sell the proposed changes to their rankand-file members at party caucuses-on Tuesday for the Republicans, and probably for the Democrats, too.

MAC RETURNS FROM SAIGON

WASHINGTON (AP) - Secretary of Defense Robert S. Mc-Namara flies back to the capital today from a fifth inspection trip to South Viet Nam publicly optimistic about the war against the Communist Viet Cong.

"I am convinced," McNamara said Wednesday on a stopover at Honolulu, "that the persistent execution of the political and military plans which the South Viet Nam government has and which we are supporting will lead to a successful conclusion of this war."

President Johnson will want to know the details that support this optimism and presumably will have McNamara report quickly. But whether Johnson will see him today is uncertain because the President is flying to Missouri to attend the funeral of Rep. Clarence Cannon, D-Mo.

Before leaving Saigon, Mc-Namara said marked progress had been made in implementing plans to increase the strength and firepower of the Vietnamese air force.

Johnson, Truman To Attend Funeral

ELSBERRY, Mo. (AP)-President Lyndon B. Johnson and former President Harry S. Truman are scheduled to attend funeral services today for U.S. Rep. Clarence Cannon, D-Mo.

Cannon died Tuesday of a heart attack at the age of 85. He had been chairman of the House Appropriations Committee since 1941 with the exception of two terms. Cannon had been in Congress 41 years.

Services will be held in the Baptist Church at Elsberry, a town of 1,500 persons. Cannon will be buried next to his par-ents in the Elsberry cemetery. A delegation of 43 U.S. repre-

sentatives and staff members of the House Appropriations Com-mittee are scheduled to attend the services.

The Rev. Paul E. Grimes will deliver the funeral oration. About 500 persons are expected for the funeral at 3:30 p.m.

Six-Alarm Fire **Levels Factory**

PHILADELPHIA (AP)-A six alarm fire, fed by stocks of foam rubber, destroyed a factory building Wednesday in North Philadelphia.

Two firemen were injured battling the blaze in the threestory brick building of Wallace Products Co., which manufactures kitchen furniture, foam rubber seats and backs for chairs.

The fire took more than two hours to bring under control and high-pressured hoses poured water into the building long after that.

The flames routed 400 employes and snarled traffic in the afternoon rush hour. The area was enveloped in a pall of thick black smoke.

Cause of the fire was not immediately determined nor was damage estimate available.

The POWER of FAITH By WOODI ISHMAEL

I he Christian love and faith of an Indian boy, Chanco, saved the Jamestown Colony from complete massacre in 1622.

A number of Pamunkey boys had been taken into the homes of various planters. Chanco went to live with a devout colonist by the name of Richard Pace, whose plantation was across the river from Jamestown. Mr. Pace treated Chanco as a son, taught the Bible and took him to church. Chanco soon became a Christian. The treacherous Pamunkey chief, Opechancanough, whom the colonists trusted, planned to exterminate the entire Jamestown colony. All of the Indian boys were told that they should kill their masters.

The night before the massacre was to take place, Chanco spent in torment. Was he to betray his people and the plot to kill the colonists or was he to forsake his Christian faith? Finally, the strength of his faith and love gave him the answer. He awakened Richard Pace, and with him rowed four miles across the James river to warn the people of Jamestown and as many plantations in the area they could. Many plantations that could not be warned were burned and their families killed. But thanks to a little Indian boy Jamestown was saved.

NATO LEADERS

By ARTHUR L. GAVSHON THE HAGUE. Netherlands (AP) - Foreign ministers of the North Atlantic Treaty Organization took up in a secret session Wednesday the demands of France for a stronger role in the alliance's affairs.

Emerging from a three-hour session. Foreign Minister Gerhard Schroeder of West Germany would say only that he thought the meeting had a "cleansing effect" on NATO's structural problems.

This was an apparent refer-

FAT

One of the basic problems of losing weight is your inability to stick to a planned diet. The GALAXON plan contains a tablet and is easily awallowed. When you take GALAXON, you simply don't have the urge for extra portions because GALAXON depresses your appetite and decreases your desire for food thus making it easier and more comfortable for you to diet. Your weight must come down because as your own doctor will tell you, when you eat less, you weigh less. Get rid of excess fat and live longer. Of course GALAXON can't do all the work for you alone. But if you really want to cut down on your eating, and lose weight, GALAXON can be a powerful helper. The GALAXON plan costs \$3.00 and is sold on this guarantee: if not satisfied for any reason just return the package to your druggist and get your full

BLACKSTONE IS SOLE SURVIVOR

By BOB THOMAS

AP Movie-Television Writer

HOLLYWOOD (AP) - The wild shock of hair is thinner, the frame seems slighter than it did when covered by satin robes. But the hands of Blackstone the magician remains as supple and steady as when they baffled audiences from coast to coast. At 78, Harry Blackstone lives in Hollywood and still keeps in

touch with his magical art. "I'm not retired-just tired,"

he cracks.

LAST TO RETIRE

Blackstone is the sole survivor of the great era of American magic that also produced such names as Houdini, Keller and Thurston. All mounted big shows that played theaters and vaudeville houses in the first few decades of this century. Blackstone was the last to leave the field.

"I quit eight years ago," he said. "I lost \$35,000 one year, \$60,000 the next and \$90,000 the next

LICKED BY TV

"I just couldn't buck television. People didn't want to pay \$5.50 a seat to watch magic when they could stay at home for nothing and watch television and drink beer."

His 200 major tricks were put into storage in Hollywood, New York City, Philadelphia, York, Pa., and his longtime home at Colon, Mich.

Many are major productions; he figures his girl-in-levitation stunt cost \$17,008 to conceive. Of late he has been selling the tricks to professional and amateur magicians-one famous Hollywood figure has bought several.

SPLIT-SECOND TIMING

Blackstone timed those tricks to the split-second and cherished each one, yet he parts with them without regret. He looks cheerfully back on a life and career that were full and gratifying.

He was infected with the magic virus in 1898, when he saw a performance of the great Keller in Chicago. The boy sneaked out his bedroom window to see the show again and his return was discovered by his father. When young Harry confessed where he had gone, his father said, "Why didn't you tell me? I'd have gone with

ADVISED TO USE HEAD

Father and son saw the show every night for a week, and Harry met Keller backstage. The trouper's advice on how to be a magician: "By using that part of your anatomy from your neck up."

Blackstone began in amateur shows, then was able to leave his steel foundry job for his first professional date: playing a St. Paul hotel with a brand-new movie, "The Great Train Rob-

In his prime he traveled with a troupe of 37 and earned as much as \$6,600 a day during a Norfolk date in the 1920s.

He lives with his cheery wife in a Hollywood apartment containing mementoes of his past. He often appears at the nearby Magic Castle, club for magic men and their guests, and will make appearances "for anyone foolish enough to hire me."

JERUSALEM (AP)-An Edomite fort on the western shore of the Dead Sea that was conquered by King David's warriors nearly 3,000 years ago has been unearthed by an Americanbacked archeological expedition.
